

## Leatside Surgery

21 June 2021

### Important notice regarding Covid-19 vaccinations

Dear Patient,

**If we have sent you a link via text message to book an appointment this is bar far the easiest way to book - due to the thousands of vaccine appointments we need to book and associated queries our waiting times on the phone are very long at present.**

#### First Vaccinations

We have first vaccines available on the **19th and 20th June**.

Please keep checking this website for updated information.

#### Second Vaccinations

If you had a vaccination on or before **25th April** you can now book your second vaccination. If we have sent you a link via text message this is bar far the easiest way to book. If you have not had a text message then please contact reception after 2pm daily (using option 4) to book your **second** Covid-19 vaccination.

**Oxford Astra Zeneca** - We have appointments available this weekend. Please either use the link you have been sent or call reception after 2pm daily.

**Pfizer BionTech** - We have appointments available this weekend. Please use the link provided or contact reception to book

Please note: If for any reason the gap between your first and second vaccines is longer than 12 weeks then the advice is simply to book as soon as possible.

Thank you.
